Description

FULLTEC ULTRAZINC

Fulltec UltraZinc is a complete nutritional blend that supplies the nutrients that can limit yield in-season. The product works considering that yield is proportional to the amount of the most limiting nutrient, whichever nutrient it may be.

Main Benefits:

Convenient

Nine essential nutrients in a soluble form, ready to be absorbed and utilized by the plants.

Versatile

High load of amino acids to prevent abiotic stress and aid in plant recovery.

Compatible

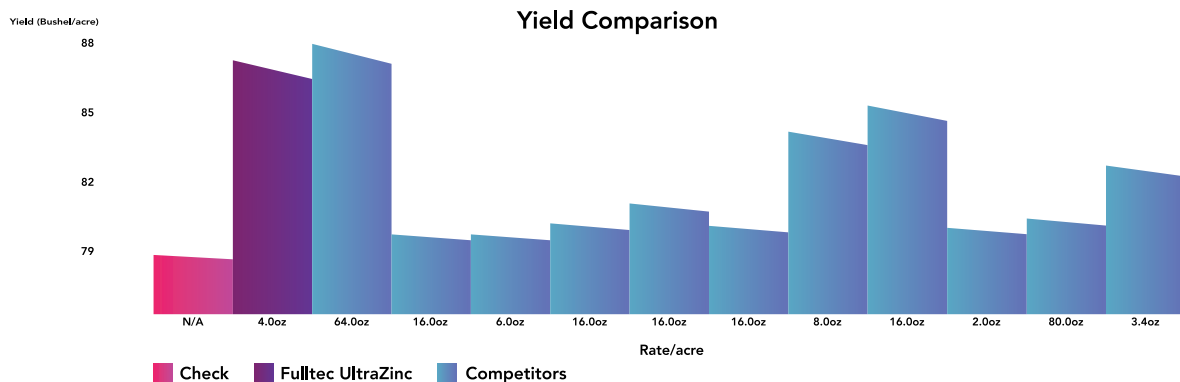

Nutrients in a form that guarantees no mixing problems with insecticides, fungicides, or herbicides.

Directions

Crop	Rate of Fulltec UltraZinc	Timing	Notes
Soybeans	4.0 - 5.5 oz/acre	V3 - R1	Check label for more details.
Corn	4.0 - 5.5 oz/acre	V3 - Vt
